Dinosaur Bib

Materials: One skein of worsted weight cotton such as Sugar and Cream or Peaches & Crème if you are using the bib for meals. If, on the other hand, you want to use it as a “drool” bib, I would recommend using a superwash wool. The cotton has a tendency to absorb the moisture, whereas the superwash wool will wick the moisture and keep baby nice and dry!

Needles: Size 6

Gauge: 4.5 sts. per inch, not critical

Note: The edges of the bib are worked in seed stitch over the first and last five stitches (k1, p1, k1, p1, k1) and are referred to as “B5”. You might find it helpful to insert a marker after the first five stitches and before the last five stitches.

When you reach the I-cords on the bib, it is helpful, but not necessary, to drop down a needle size to make the cords slightly smaller.

Abbreviations:

k = knit

Shoulder shaping:

Row 65: p1, k1, for 13 sts.; bind off next 12 sts. knitwise; work remaining 12 sts. in seed stitch as established. You should have 13 sts. on each side. Place first 13 stitches on a holder and work on remaining 13 sts. as follows:

(Right side) Dec. 1 st. at neck edge every other row 2 times. (11 sts.)

Work one row even.

Dec. 1 st. at shoulder edge every other row until 5 sts. remain.

Work one row even.

(Right side) Dec. 1 st. at neck edge and 1 st. at shoulder edge. 3 sts.

Work one row even.

Slip these 3 sts. to a dpn and work an I-cord for approximately 12 inches. Fasten off and run end down through middle of I-cord.

Join yarn to neck edge and work remaining side to correspond to other side. If you are careful and join the yarn invisibly, then the bib can be reversible!
